DON'T FORGET

I.S.5 Families:
 Make sure you have completed the brief survey to request an appointment with your child's teachers by Friday, May 10, 2024.
 Make sure your information is up to date as we do send emails and text messages often!

Quick Reminder:

Our calendar is sent monthly through email and posted on our school website! Make sure your information is up to date so you can receive all notifications.

We send emails and text messages almost everyday!

Some of you may not be receiving these messages / reminders because we have an old number or email address on file.

If that is the case you can come to the school to update or call our Parent Coordinator at 718-205-6788 ext. 2053 for help.

“At the end of the day, the most overwhelming key to a child's success is the positive involvement of parents.”
- Jane D. Hull

Congratulations!

Safer Access System at I.S. 5

The primary objective of the Safer Access system is to ensure that all doors remain locked outside of the morning-entry and afternoon-dismissal periods. When school doors are locked, visitors wishing to gain access to the building will ring the intercom at the main entrance door (or ADA-accessibility entrance if applicable) and identify themselves before access is granted into the school building. Safer Access allows our dedicated staff assigned to the main desk (School Safety Agents and/or school staff) to be able to see and speak with visitors before granting them access inside. **Please be assured that all visitors to our school will continue to be treated with courtesy, professionalism, and respect while awaiting entry into our building.** In addition to enhancing safety, this system allows for easy access for first responders during an emergency.

Once our Safer Access system is installed and operational, our school staff (including School Safety Agents) and students will receive training on using the system as well as how to support all visitors in accordance with our policy.

Sistema de acceso más seguro en I.S. 5

El objetivo principal del sistema Safer Access es garantizar que todas las puertas permanezcan cerradas fuera de los períodos de entrada por la mañana y salida por la tarde. Cuando las puertas de la escuela estén cerradas con llave, los visitantes que deseen acceder al edificio tocarán el intercomunicador en la puerta de entrada principal (o la entrada de accesibilidad ADA, si corresponde) y se identificarán antes de que se les conceda el acceso al edificio de la escuela. Safer Access permite que nuestro personal dedicado asignado al escritorio principal (agentes de seguridad escolar y/o personal de la escuela) pueda ver y hablar con los visitantes antes de otorgarles acceso al interior. **Tenga la seguridad de que todos los visitantes de nuestra escuela seguirán siendo tratados con cortesía, profesionalismo y respeto mientras esperan la entrada a nuestro edificio.** Además de mejorar la seguridad, este sistema permite un fácil acceso a los socorristas durante una emergencia.

Una vez que nuestro sistema Safer Access esté instalado y operativo, nuestro personal escolar (incluidos los agentes de seguridad escolar) y los estudiantes recibirán capacitación sobre el uso del sistema y sobre cómo apoyar a todos los visitantes de acuerdo con nuestra política.
